

The background of the slide is a zebra print pattern with black, dark brown, and light tan stripes. A white rectangular box with a thin black border is centered on the page, containing text.

Hair and Make up for Competition

For all competitions, hair should be slicked back (with gel, no whispies), part over the left eye, in a nice, neat bun.

For all competitions, the make-up should be the smokey eye with fake lashes (see attached instructions), blush and lipstick. The make-up kit from last year or new make-up purchased this year (brands/numbers given prior to the winter show) both work fine.
