PARK RANGER PROGRAM 2021 ANNUAL REPORT

Introduction

The City of Torrance Park Ranger Program was founded in July 1995, initially operating only on the weekends from Memorial Day to Labor Day. Since then, the success of the program has led to an expanded scope serving the needs of the community during the COVID-19 pandemic and now as we move closer to transition out of the era.

Today, the Park Ranger Program operates year round and seven days a week.

Historically, Park Rangers were deployed for the following shifts:

- Afterschool Library patrol Monday through Thursday (2:00 pm – 6:00 pm)
- Year-round weekend patrol Saturday and Sunday (7:00 am – 5:00 pm)
- Seasonal weeknight patrol Monday through Friday
 - Summer: Monday through Friday (6:00 pm – 10:00 pm)
 - Fall, winter and spring: Monday through Friday (6:00 pm – 10:00 pm) implemented September 2018 and expanded to (5:00 pm – 10:00 pm) in June 2019
- Support of Special Events Programming including Evening Summer Concerts and Movies in the Park, Cherry Blossom Festival, Annual 4th of July Celebration, and Turkey Trot.

During the pandemic, Park Ranger deployment was modified to:

- Afternoon and evening park patrols Monday through Friday (2:00 pm – 8:00 pm)
- Year-round weekend patrol Saturday and Sunday (7:00 am – 5:00 pm)

Transitioning out of the pandemic Rangers returned to supporting special events as they went back on line and were tasked with locking up of park facilities:

- Evening park patrols Monday through Friday (4:30 pm – 10:30 pm)
- Year-round weekend patrol Saturday and Sunday (7:00 am – 5:00 pm)
- Support the return of Special Events, specifically the Annual 4th of July Celebration and Turkey Trot.

The objective of the Park Ranger Program is to serve as the “eyes and ears” of the Torrance Police Department at City Parks, to assist park visitors, and to maintain a safe environment in the Parks. Park Rangers work cohesively with the different Divisions within the Community Services Department, as well as with various City Departments, to provide a quality park experience to the community.

Weekend Patrols

Historically, the Park Rangers operate on two shifts: weekends and weeknights. A typical weekend Ranger shift is 9.5 hours, beginning at 7:00 am and ending at 5:00 pm. Weekend patrols

occur year-round, and include patrols of all 34 parks, as well as patrol requests as needed. Weekend patrols require staff to post signs for picnics, open and close park buildings for private rentals, and monitor all park activity for compliance with Department policies and the Torrance Municipal Code.

The weekend patrols vary seasonally due to the volume of picnics and activities at the parks. The Rangers also operate on City Holidays, including Memorial Day, Labor Day, and Veterans Day.

Weeknight, Afternoon, and Evening Patrols

As mentioned earlier, weeknight Park Patrols typically took place during the summer months only, beginning after Memorial Day Weekend and lasting through Labor Day Weekend 2018. In June of 2019, in response to a growing number of calls to respond to issues pertaining to the unhoused and patrol requests, staff expanded the weeknight patrols through fall, winter, and spring. Starting March of 2020, Ranger deployments were adjusted from 6:00 p.m. to 10:00 p.m. to 2:00 p.m. to 8:00 p.m. into single rider units, minimizing potential virus exposure and to expand the unit's ability to monitor the increased park usage. As noted previously, the 2021, deployments were again modified to address the current needs of the Community Services Department as park permitting resumed and in-person programming at the parks went back on line. Another area of focus the Park Rangers took on was making contact with the growing unhoused community residing in City Parks. In conjunction with the City Manager's office and the LAHOP, many individuals accepted assistance and were able to find housing.

Library After School Patrols

As the pandemic resulted in Torrance Unified School District moving to a virtual learning environment and branch libraries scaling back normal operations, library patrols remained canceled in 2021 in lieu of additional time spent patrolling city parks. As new staff are hired, the deployment schedule is intended to resume after school library patrols.

It is anticipated that Ranger patrols will resume once in-class instruction begins at TUSD.

Special Events

In years past, Rangers assisted City Staff with numerous special events throughout the year. At these events, Rangers provide general security and logistical support as needed. Some of the events the Rangers provided support to include:

- Cherry Blossom Festival at Columbia Park
- Armed Forces Day Parade
- 4th of July
 - Fireworks at the Civic Center
 - Supervision at Los Arboles
- Movies in the Park
- Concerts in the Park

- Shakespeare at the Park
- Los Angeles Opera present La Boehme at Columbia Park
- Halloween Carnival at Wilson Park
- Turkey Trot
- Winter Boutique

In addition to those Special Events, Rangers also provide support for the following:

- Film permits Citywide
- Wedding permits and Celebrations of Life at Miramar Park
- Sound permits and special details Citywide

I am pleased to report that as City programs go back online, Park Rangers have supported the events which were heavily attended by eager participants.

The Numbers

Issue	2021	Issue	2021
Alcohol Violations	280	Marijuana/Smoking	172
Amplified Sound	98	Missing/Unattended Subjects	5
Animal Violations	649	Parking Violations	102

Statistical information is compiled from the daily field activity reports submitted by Park Rangers from their patrols. The following represents activity reports from the calendar year 2021 which omits sections added to account for 2020 Covid-19 era issues and has resumed focus on routine park issues.

Park Rangers contact and are contacted by other Departments with service requests. The following call-outs were made in 2021:

Call Outs	2021
Graffiti Hotline Notifications	324
Torrance Fire Department	6
Torrance Police Department	14
Park Ranger Call-Outs	14

Moving Forward

A final additional component of the Park Ranger program was the integration of the Animal Control program out of the Torrance Police Department and into the Community Services Department. As of July 2021, Animal Control has reported to Director John La Rock in the interim of the creation

of the new Ranger Supervisor position. The position will supervise the full time Animal Control Officers, part time Park Rangers, and the Coyote Management Program.

Conclusion

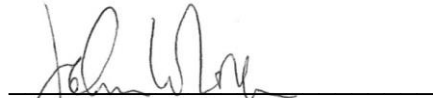

2021 has been a demanding year for the unit, but I can confidently state that despite ongoing challenges created by changing County Health Department orders in the early part of the year, Park Rangers were integral in the effort to return of in-person programming throughout Torrance Parks. Additionally, Park Rangers made a significant impact in deterring negative behavior at the parks through consistent and proactive patrols. By the end of the year, with the minor exception of masking still being strongly advised, activity at parks closely resembled that which regularly took place before the pandemic. I sincerely thank each and every Park Ranger who has supported the community tirelessly.

Vic Arevalo
