

PARTICIPATE BEFORE THE MEETING by emailing TrafficCommission@TorranceCA.Gov and write "Public Comment" in the subject line. In the body of the email include the item number and/or title of the item with your comments.

In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the City Clerk's office at (310) 618-2780. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting. [28CFR35.102-35.104 ADA Title II]

Direct questions or concerns to the Commission Liaison, Steve Finton, at (310) 781-6900 prior to submission to the Commission. Parties will be notified if the complaint will be included on a subsequent agenda.

**TORRANCE TRAFFIC COMMISSION AGENDA
MARCH 6, 2023
REGULAR MEETING
7:00 P.M. AT WEST ANNEX COMMISSION ROOM
CITY HALL, 3031 TORRANCE BOULEVARD
TORRANCE, CA CALIFORNIA 90503**

**TRAFFIC COMMISSION MAY TAKE ACTION ON ANY ITEM
LISTED ON THE AGENDA**

1. CALL MEETING TO ORDER

ROLL CALL: Commission members Farao, Gibson, Obejas, Suruki, Thomas, Sharma, Thoma

2. FLAG SALUTE

3. REPORT OF STAFF ON THE POSTING OF THE AGENDA

The agenda was posted on the Public Notice Board at 3031 Torrance Bl. and on the City's Website on Thursday, March 2, 2023.

4. ANNOUNCEMENT OF WITHDRAWN, DEFERRED, AND/OR SUPPLEMENTAL ITEMS

5. ORAL COMMUNICATIONS (Limited to a 30 minute period)

This portion of the meeting is reserved for public comment on items not on the agenda under the subject matter of the Traffic Commission. Under the Ralph M. Brown Act, Commissioners cannot act on items raised during public comment but may respond briefly to statements made or questions posed; request clarification; or refer the item to staff. Speakers under this Public Comment period will have no longer than 1 minute per speaker.

6. CONSENT CALENDAR - None Scheduled

Matters listed under the Consent Calendar are considered routine and will be enacted by one motion and one vote. There will be no separate discussion of these items. If discussion is desired, that item will be removed by a Commissioner from the Consent Calendar and considered separately.

6A. Approval of Minutes: February 6, 2023

7. ADMINISTRATIVE MATTERS (DISCUSSION ITEMS)

7A. Los Angeles County Metropolitan Transportation Authority C-Line Extension

7B. Proposed All-Way STOP at Ocean Avenue and 227th Street

8. COMMISSION AND STAFF ORAL COMMUNICATIONS

8A. Determine New Date for Joint Meeting with City Council

9. ADJOURNMENT

- 9A. Adjournment of Traffic Commission Meeting to Monday, April 3, 2023 at 7:00 p.m.

**MINUTES OF REGULAR MEETING OF THE
TORRANCE TRAFFIC COMMISSION**

1. CALL MEETING TO ORDER

The Torrance Traffic Commission convened in a regular session at 7:00 p.m. on Monday, February 6, 2023, in the Council Chambers.

ROLL CALL

Present: Commissioner Farao, Gibson, Obejas, Sharma, Thoma, Thomas, and Chair Suruki.

Absent: None.

Also Present: Deputy Public Works Director Steve Finton, Public Works Engineering Manager Brenda Moun, Public Works Associate Engineer Jessamine Que, Public Works Assistant Engineer Daeley Simons, and Torrance Police Officer Koenig.

2. FLAG SALUTE

Commissioner Gibson led The Pledge of Allegiance.

3. REPORT OF STAFF ON THE POSTING OF THE AGENDA

Public Works Engineering Manager Brenda Moun reported that the agenda was posted on the Public Notice Board at 3031 Torrance Boulevard and on the City's Website.

4. ANNOUNCEMENT OF WITHDRAWN, DEFERRED, AND/OR SUPPLEMENTAL ITEMS

None.

5. ORAL COMMUNICATIONS

Mike Kosidlak requested the Commission investigate a single parked car eastbound of 235th at Western, and a pothole on Cabrillo and Middlebrook; documents were passed to Commission to review.

A member of the public spoke regarding traffic situations on Ocean Avenue and 227th Street. A request was made for the Commission to assign a cross guard or install a stop sign for children to cross safely.

A member of the public presented documents to the Commission regarding the 242nd and Pacific Coast Highway intersection and requested "Keep Clear" signage to be installed.

Patricia requested that a crossing guard be assigned near Arnold Middle School.

6. **CONSENT CALENDAR**

6A. **APPROVAL OF MINUTES – DECEMBER 5, 2022**

MOTION: Commissioner Sharma moved to approve the December 5, 2022 minutes as presented; Commissioner Gibson seconded the motion; a roll call vote reflected unanimous approval.

7. **ADMINISTRATIVE MATTERS**

7A. **PROPOSED PERMIT PARKING IN THE HOLLYWOOD RIVIERA NEIGHBORHOOD**

Public Works Engineering Manager Moun presented a presentation regarding proposed permit parking in the Hollywood Riviera neighborhood:

- The proposal is to implement a permit-parking district in the Hollywood Riviera neighborhood to provide an area wide resolution to address long term / overnight parking.
- Only vehicles displaying permits will be allowed to park between the hours of 9 p.m. to 6 a.m.
- Permit Parking Program will not exempt vehicles from street sweeping parking restrictions and the 72-hour parking restrictions.
- Parking permit samples were displayed.
- Process to implement permit parking include Traffic Commission approval, adopting an Ordinance to amend the Torrance Municipal Code to add a new permit parking district [Section 61.6.32], holding a public hearing, City Council approval, and a second meeting of the approved amendment 45-days after City Council approval.
- Implementation of permits consists of issuing a notice to residents, issuance of permits, and installation of signage in the boundary, followed by enforcement after a 2-week grace period.
- Significant costs will be associated with implementing the permit-parking district including police enforcement, administrative installation, maintenance, and materials.

The Commission inquired on costs and processes and provided feedback.

Chair Suruki inquired if staff had enough hours and coverage to track down violations. Public Works Engineering Manager Moun replied that staff can revisit the inquiry.

Members of the public spoke.

8. **COMMISSION AND STAFF ORAL COMMUNICATIONS**

8A. **DETERMINE DATE FOR JOINT MEETING WITH CITY COUNCIL**

MOTION: Commissioner Obejas moved to approve the joint meeting with City Council; Commissioner Gibson seconded the motion; a roll call vote reflected unanimous approval.

MOTION: Commissioner Obejas moved to meet April 11, 2023 at 5:00 p.m. for a joint meeting with City Council. Commissioner Farao seconded the motion; a roll call vote reflected unanimous approval.

9. **ADJOURNMENT**

MOTION: At 7:55 p.m., Commissioner Obejas moved to adjourn the meeting to Monday, March 6, 2023; at 7:00 p.m., Commissioner Farao seconded the motion. A roll call vote reflected unanimous approval.

###

Subject to Approval

Traffic Commission
March 6, 2023

Agenda Item No. 7a

TO: Traffic Commission
FROM: Kim Turner, Transit Director
SUBJECT: Los Angeles County Metropolitan Transportation Authority C-Line Extension

RECOMMENDATION

The Transit Director recommends that the Traffic Commission receive and file the report from staff regarding the C-Line Extension to Torrance.

BACKGROUND

Los Angeles County Metropolitan Transportation Authority (LA Metro) is currently studying the extension of its passenger light rail system to Torrance. The C-Line, formerly known as the Green Line, will extend from its existing terminus in Redondo Beach following two potential alignments. These two alignments include following existing LA Metro railroad right-of-way (ROW) or following alongside I-405, then utilizing the median of Hawthorne Blvd. before returning to ROW at 190th St. There will be two new stations established – one in Redondo Beach near the South Bay Galleria and another in Torrance adjacent to the Mary K. Giordano Regional Transit Center.

There are three potential options being studied by LA Metro. The first, named the Proposed Project: Metro ROW Elevated/Street-Level, follows existing LA Metro owned railroad right-of-way. The second, named the Trench Option, follows along the same alignment, but adds a below-grade trench between Inglewood Ave and 182nd St. The last option, named the Hawthorne Blvd. Option, leaves LA Metro owned right-of-way to travel along I-405, then travels south through the median of Hawthorne Blvd. from 162nd St. to 190th St. At south of 190th St., all options travel along LA Metro owned right-of-way.

The following is a chronology of previous events related to the issue:

June 29, 2018 Release of Supplemental Alternatives Analysis

On June 29, 2018 LA Metro released the Supplemental Alternatives Analysis to establish the need for a passenger light rail extension, determine the project area, outline the goals for the project, and augment earlier alternatives analyses that had been completed prior to the passing of Measure M.

August 16, 2022 LA Metro Community Meeting

On August 16, 2022, LA Metro staff hosted a community meeting at the Toyota Meeting Hall in Torrance to provide members of the public information about the C-Line Extension project. Residents of Torrance and the surrounding communities were given the opportunity to speak directly with LA Metro staff to ask any questions or raise any concerns or hopes regarding the project.

September 28, 2022 Transportation Committee Meeting

On September 28, 2022, the City Council Transportation Committee met to hear updates from staff regarding the service changes relating to the opening of the Mary K. Giordano Regional Transit Center, service duplication with Long Beach Transit and the current resolution process, and the Los Angeles County Metropolitan Transportation Authority's (Metro) C-Line Extension to Torrance.

Metro staff provided background and a potential timeline for the C-Line Extension project. City staff reaffirmed the city's position that the C-Line Extension project should utilize Metro's existing Right of Way. The Committee also affirmed their support for The Right of Way Alignment and request that Metro's Board of Supervisors consider an alternative that would place the passenger light rail underground.

October 25, 2022 City Council Meeting

On October 25, 2022, City Council voted to accept and file the report of the Transportation Committee, and voted unanimously to submit a letter to LA Metro's Board of Directors that established the council's official position of preference for the Proposed Project: Metro ROW Elevated/Street-Level.

January 26, 2023 LA Metro Release of Draft Environment Impact Report

On January 26, 2023, LA Metro released the Draft Environmental Impact Report (DEIR) related to the C-Line Extension project. This DEIR has informed all staff analysis of impacts on the City of Torrance and its residents.

February 21, 2023 LA Metro Public Hearing

On February 21, 2023, LA Metro held a public hearing in Torrance at the Toyota Meeting Hall. This hearing gave residents of Torrance and the surrounding communities the opportunity to learn more about the project options, and allowed community members to speak directly to LA Metro staff about their concerns or hopes for the project.

ANALYSIS

The purpose of tonight's presentation is to provide an analysis of impacts to the City of Torrance based on LA Metro's released DEIR on the C-Line Extension project.

The extension of LA Metro's passenger light rail system will provide a number of benefits to the City of Torrance and the South Bay Region as a whole. The project provides an alternate mode of transportation to those who would otherwise be traveling on I-405 and displaces an estimated 17,083,851 on-road vehicle miles travelled annually. This reduction in vehicle miles travelled reduces greenhouse gas emissions in the region by approximately 2,369.4 metric tons of CO₂ equivalent annually.

The project also serves as a driver of economic growth, serving an estimated 65,000 jobs in the project area by 2042. Connections to a number of high value destinations are also provided, such as a seat-ride to LAX, SoFi Stadium via the Inglewood Transit Connector, the South Bay Galleria, Del Amo Fashion Center, and Old Torrance. The majority of ridership will travel in and out of Torrance, with projected new daily trips of 10,600 to 16,200. Riders on the new extension are projected to save around 23.1 minutes per rider.

The extension also improves equity by serving 18% of the low-income communities and 47% of the minority communities in the project area, will also providing connections with local transit agencies and the rest of the South Bay.

City Council has unanimously voted to support the Proposed Project: Metro ROW Elevated/Street-Level. This option is the most cost-effective, costing an estimated \$1.96 billion, with an estimated completion of Fall 2033. This option does not encroach on I-405, and avoids traffic and parking impacts on Hawthorne Blvd. and other arterial roads. This option also avoids costly impacts to businesses and residents along Hawthorne Blvd.

The Trench option has an estimated completion of Spring 2036 with an estimated cost of \$2.84 billion. Major construction work would be required and would result in considerable air quality impacts.

The Hawthorne Blvd. Option will have the greatest negative impacts on the city of Torrance and its residents. The estimated cost is the highest at \$2.96 billion, with an estimated completion of Fall 2035. This option fails to fully utilize existing investment in transit infrastructure by creating a walk between the newly established Redondo Beach Transit Center and proposed South Bay Galleria Station. This option also requires the modification of a number of intersections and roads within the city of Torrance during the construction phase and throughout operation:

- Frontage roads along Hawthorne Blvd. between 175th St. and 179th St. would need to be narrowed, resulting in the loss of 12 overnight parking spots.
- Left turns lanes on Hawthorne Blvd. from 164th St. through 182nd. St. would require modification
- At Hawthorne Blvd. and 177th St., the number of left turn lanes would be reduced from two to one.
- Hawthorne Blvd. and 179th St. would be signalized and the left turn pocket would be expanded.
- The median would be closed at Hawthorne Blvd. and 180th St. to prevent left turns in the northbound direction.

Throughout construction, the communities surrounding Hawthorne Blvd. would be subject to significant and unavoidable levels of both noise and vibration. The Hawthorne Blvd. option would also require a considerable amount of property acquisition from LA Metro, both on Hawthorne Blvd. itself as well as at the intersection of Hawthorne Blvd. and 190th St. where the passenger light rail would return to existing right-of-way.

Additionally, levels of service (LOS) are expected to be at D (Approaching Unstable Flow) or worse at the intersections shown in **Table 1** in Torrance following project completion out to 2042.

The various levels of service are as follows:

- A. Free Flow
- B. Stable Flow (slight delays)
- C. Stable Flow (acceptable delays)
- D. Approaching Unstable Flow (tolerable delay, occasionally wait more than one signal cycle before proceeding)
- E. Unstable Flow (intolerable delay)
- F. Forced Flow (congested and queues fail to clear)

Table 1 – Levels of Service at Affected Intersections in Torrance

Intersection	Current Level of Service (AM, PM)	Projected Level of Service (AM,PM)
Hawthorne Blvd. and Artesia Blvd.	C, D	D, F
Amie Ave. and Artesia Blvd.	C, D	F, F
Prairie Blvd. and Artesia Blvd	D, D	E, F
Hawthorne Blvd. and 179 th St.	E (PM Only)	D (PM Only)
Hawthorne Blvd. and 180 th St.	E, F	E, F
Hawthorne Blvd. and 182nd St.	C, D	D, F
Hawthorne Blvd. and 186th St.	B (PM Only)	D (PM Only)
Crenshaw Blvd. and Del Amo Blvd.	D, D	E, D
Crenshaw Blvd. and Torrance Blvd.	D, D	D, D

Traffic impacts in the City of Torrance for the LA Metro ROW are non-existent given the project's removal from currently utilized traffic corridors.

Respectfully submitted,

Kim Turner
Transit Director

David Mach
Senior Business Manager

Attachment 1: Presentation for C-Line Extension to Torrance

Agenda Item No. 7b

TO: Traffic Commission
FROM: Craig Bilezerian, Public Works Director
SUBJECT: Proposed All-Way STOP at Ocean Avenue and 227th Street

RECOMMENDATION

The Public Works Director recommends that the Traffic Commission approve installation of two new STOP signs to create an ALL-WAY STOP at the intersection of Ocean Avenue and 227th Street.

BACKGROUND

In February 2023, the City received a request to install an all-way STOP at the intersection of Ocean Avenue and 227th Street adjacent to Arnold Elementary School (See Attachment A). The request was accompanied by a petition signed by 128 residents (Attachment B).

Ocean Avenue between Sepulveda Boulevard and Lomita Boulevard and 227th Street are classified as Local Streets in the City's General Plan and serve a mix of single and multi-family properties. The intersection is immediately adjacent to Arnold Elementary School.

Ocean Avenue serves as a neighborhood collector street providing a direct connection between Sepulveda Boulevard and Lomita Boulevard, and intersecting 6 residential streets. Ocean Avenue width varies between 30 feet and 35 feet, with parking on both sides. Two all-way STOP intersections exist at 226th Street and 228th Place. All intersecting streets are equipped with stop signs in the eastbound and/or westbound directions requiring most traffic entering Ocean Avenue to stop and yield to Ocean Avenue traffic (See Attachment C). The roadway is straight and relatively flat.

ANALYSIS

Staff collected traffic counts at the intersection of Ocean Avenue and 227th Street on February 22, 2023 from 1:15 p.m. and 2:45 p.m. to capture vehicle and pedestrian traffic when school was dismissed; on February 22, 2023 from 5:00 p.m. to 6:00 p.m. to capture the expected afternoon peak traffic; and on February 23, 2023 from 8:20 a.m. to 9:20 a.m. to capture school drop off. The observed AM and PM peak hour volumes are summarized on Attachment D. The dominant movement during both peak periods observed are the northbound and southbound through movements.

Although state warrants for an all-way STOP are not met at the intersection, staff recommends installation of an all-way STOP at this intersection to enhance vehicle and pedestrian circulation in the school zone adjacent to Arnold Elementary School.

The proposed plan (Attachment E) includes the installation of two new STOP signs on Ocean Avenue to create an all-way STOP configuration and the installation of a new RED curb zone in conjunction with the new northbound STOP sign. The proposal would impact adjacent residents;

therefore, this recommendation is being brought to the Traffic Commission for discussion and approval.

Staff reviewed the collision data for the intersection of Ocean Avenue and 227th Street. There was one broadside collision that occurred at the intersection over the past five years (2017-2022). The collision involved improper passing.

A public notice notifying residents and Arnold Elementary School of tonight's meeting (Attachment F) was mailed to 134 parcels in the area south of Sepulveda Boulevard and west of Hawthorne Boulevard, per the public notification area shown in Attachment G.

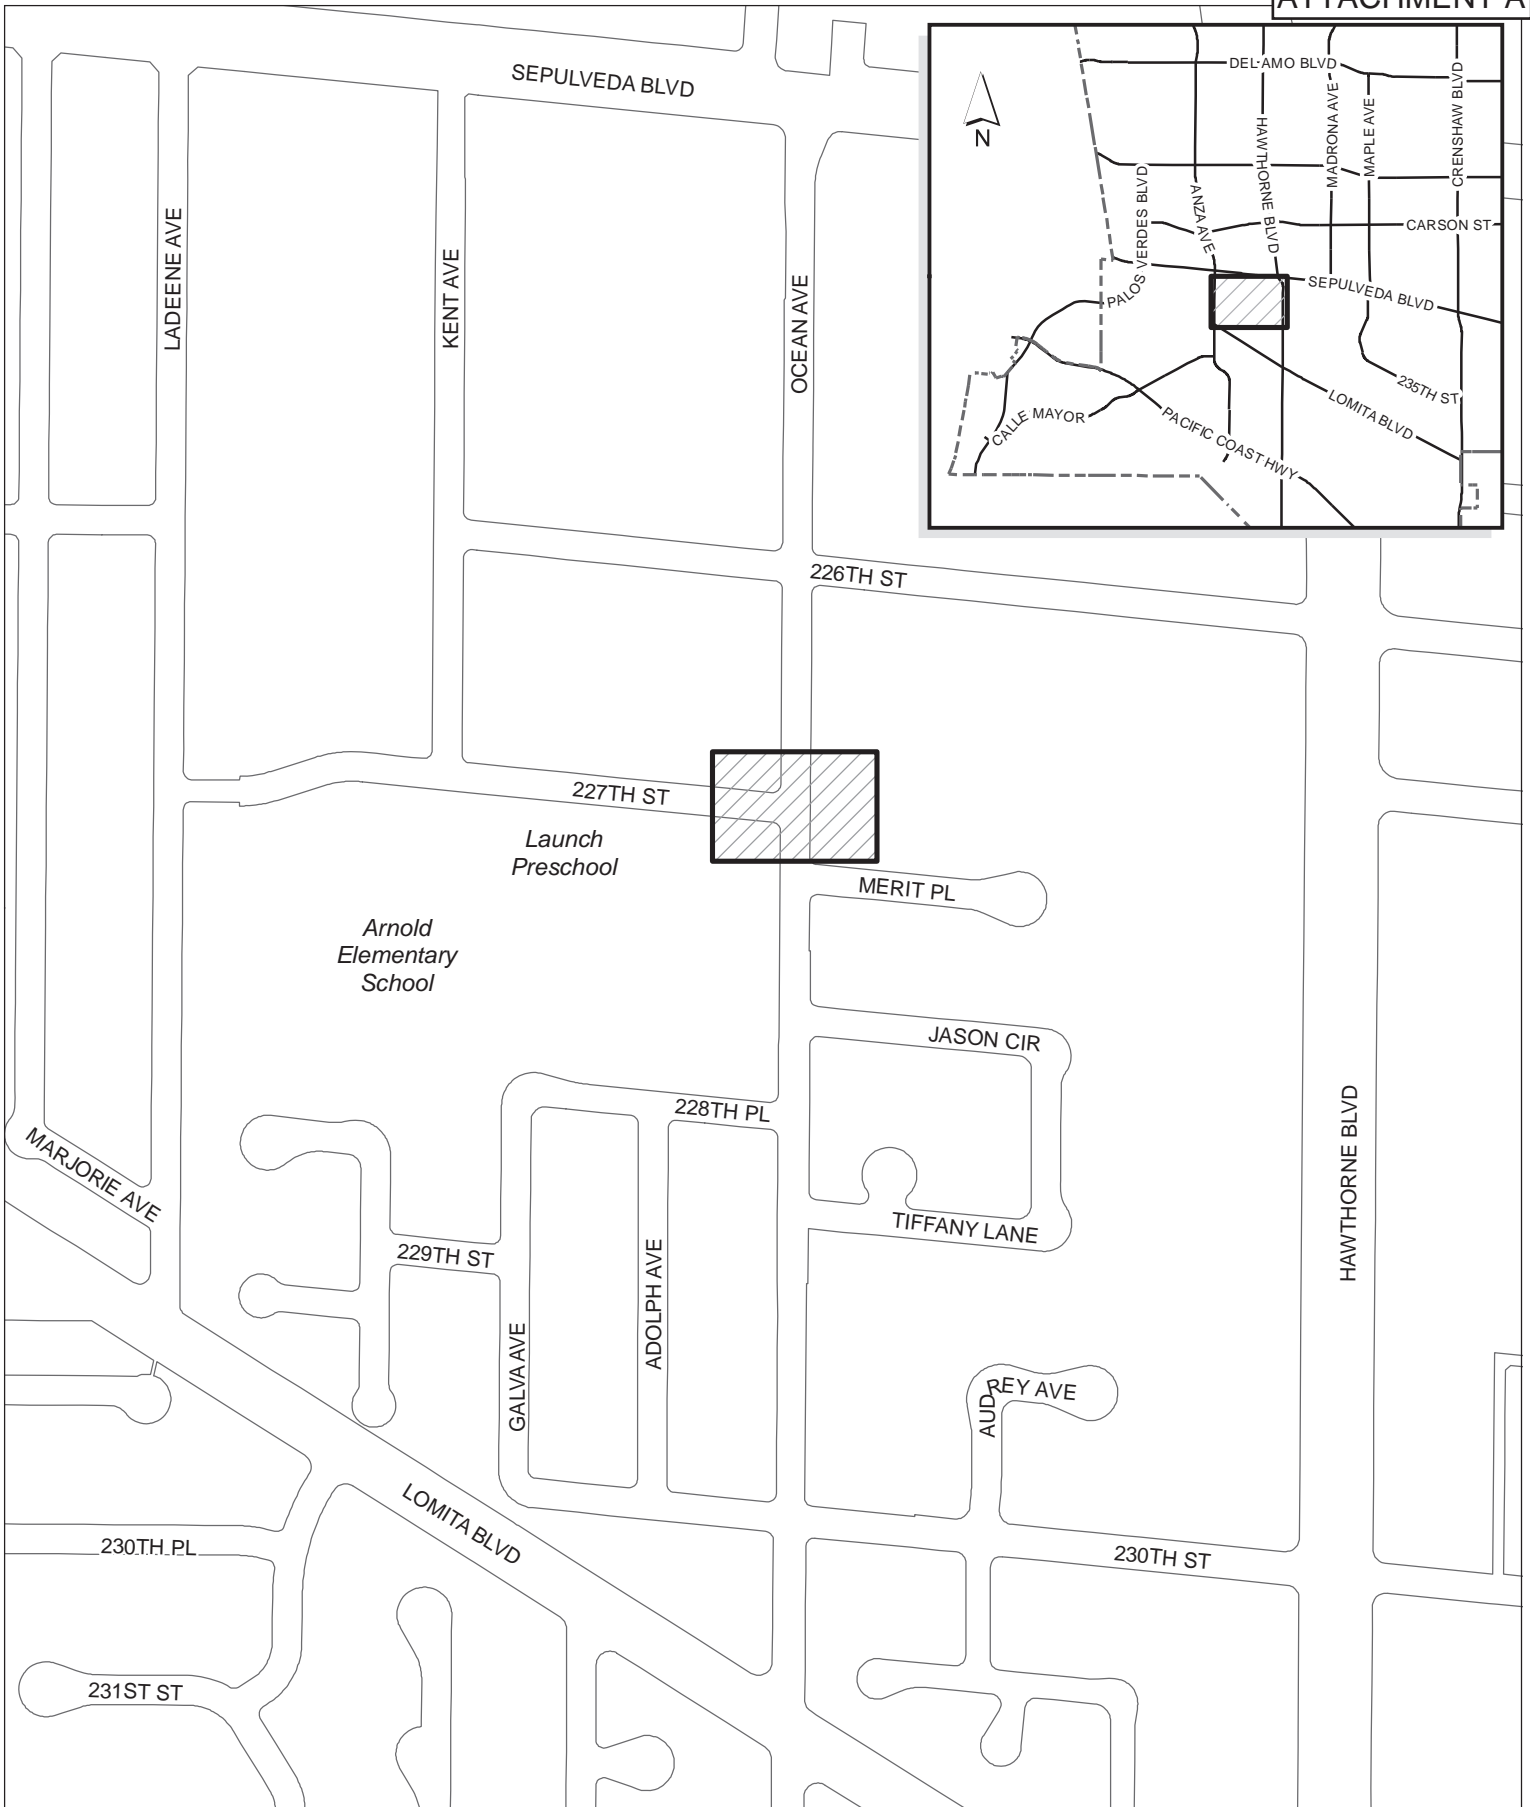

Attachment H provides correspondence related to this item received prior to the posting of the agenda.

Respectfully submitted,

CRAIG BILEZERIAN
PUBLIC WORKS DIRECTOR

By

PROJECT AREA

Project Vicinity Map

December 27, 2022

HON. GEORGE CHEN
Mayor, City of Torrance

Thru: Mr. Ginny Suruki
Chairman, Traffic Commission

Dear Sir:

I am Lutgarda dela Cruz, a resident of Torrance. I am a grandmother who drops and picks up my Grade one student in Arnold Elementary School plus 2 - 3 students on occasions.

In behalf of my neighbors and other parents, I am sending you this letter to inform you of the traffic situation at the corner of Ocean Avenue and 227th Street, an intersection heavily crossed by elementary and pre-school students (Launch Pre-School and Arnold Elementary School) during school days. We are truly concerned with the huge number of speeding cars especially on crossing times to get to school.

To this end, we therefore appeal and request you to please place a crosswalk and a three-way stop sign in the area. We deem these measures necessary to prevent avoidable accidents and uphold the priority on public safety which we know is one of your priorities.

We hope for your immediate action on this matter.

Thank you very much and more power!

Very truly yours,

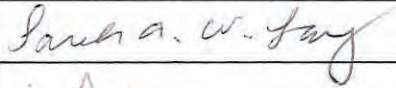

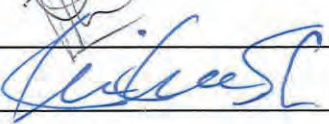

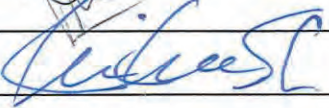

LUTGARDA C DELACRUZ

*Attached are the street photos and signature of parents/guardians

Proposed Plan

PROPOSED ALL-WAY STOP AT OCEAN AVE AND 227TH ST

NOTICE OF TRAFFIC COMMISSION MEETING

Proposed All-Way Stop
at Ocean Avenue and 227th Street

Monday, March 6, 2023 at 7 p.m.
Torrance City Hall – West Annex Commission Room
3031 Torrance Boulevard

On **Monday, March 6, 2023 at 7 p.m.**, the City of Torrance Traffic Commission will consider and take possible action regarding a recommendation to install two new stop signs to create an ALL-WAY stop at the intersection of Ocean Avenue and 227th Street.

Public input is an important part of the City's decision-making process. You may provide input by speaking at the meeting or by submitting comments in writing to: TrafficCommission@TorranceCA.Gov by 2:00 pm on the day of the meeting.

Information about the proposed stop signs will be included in the Commission Agenda Packet, which will be posted on Thursday, March 2, 2023 on the Traffic Commission website at:

www.TorranceCA.Gov/2023TrafficCommission

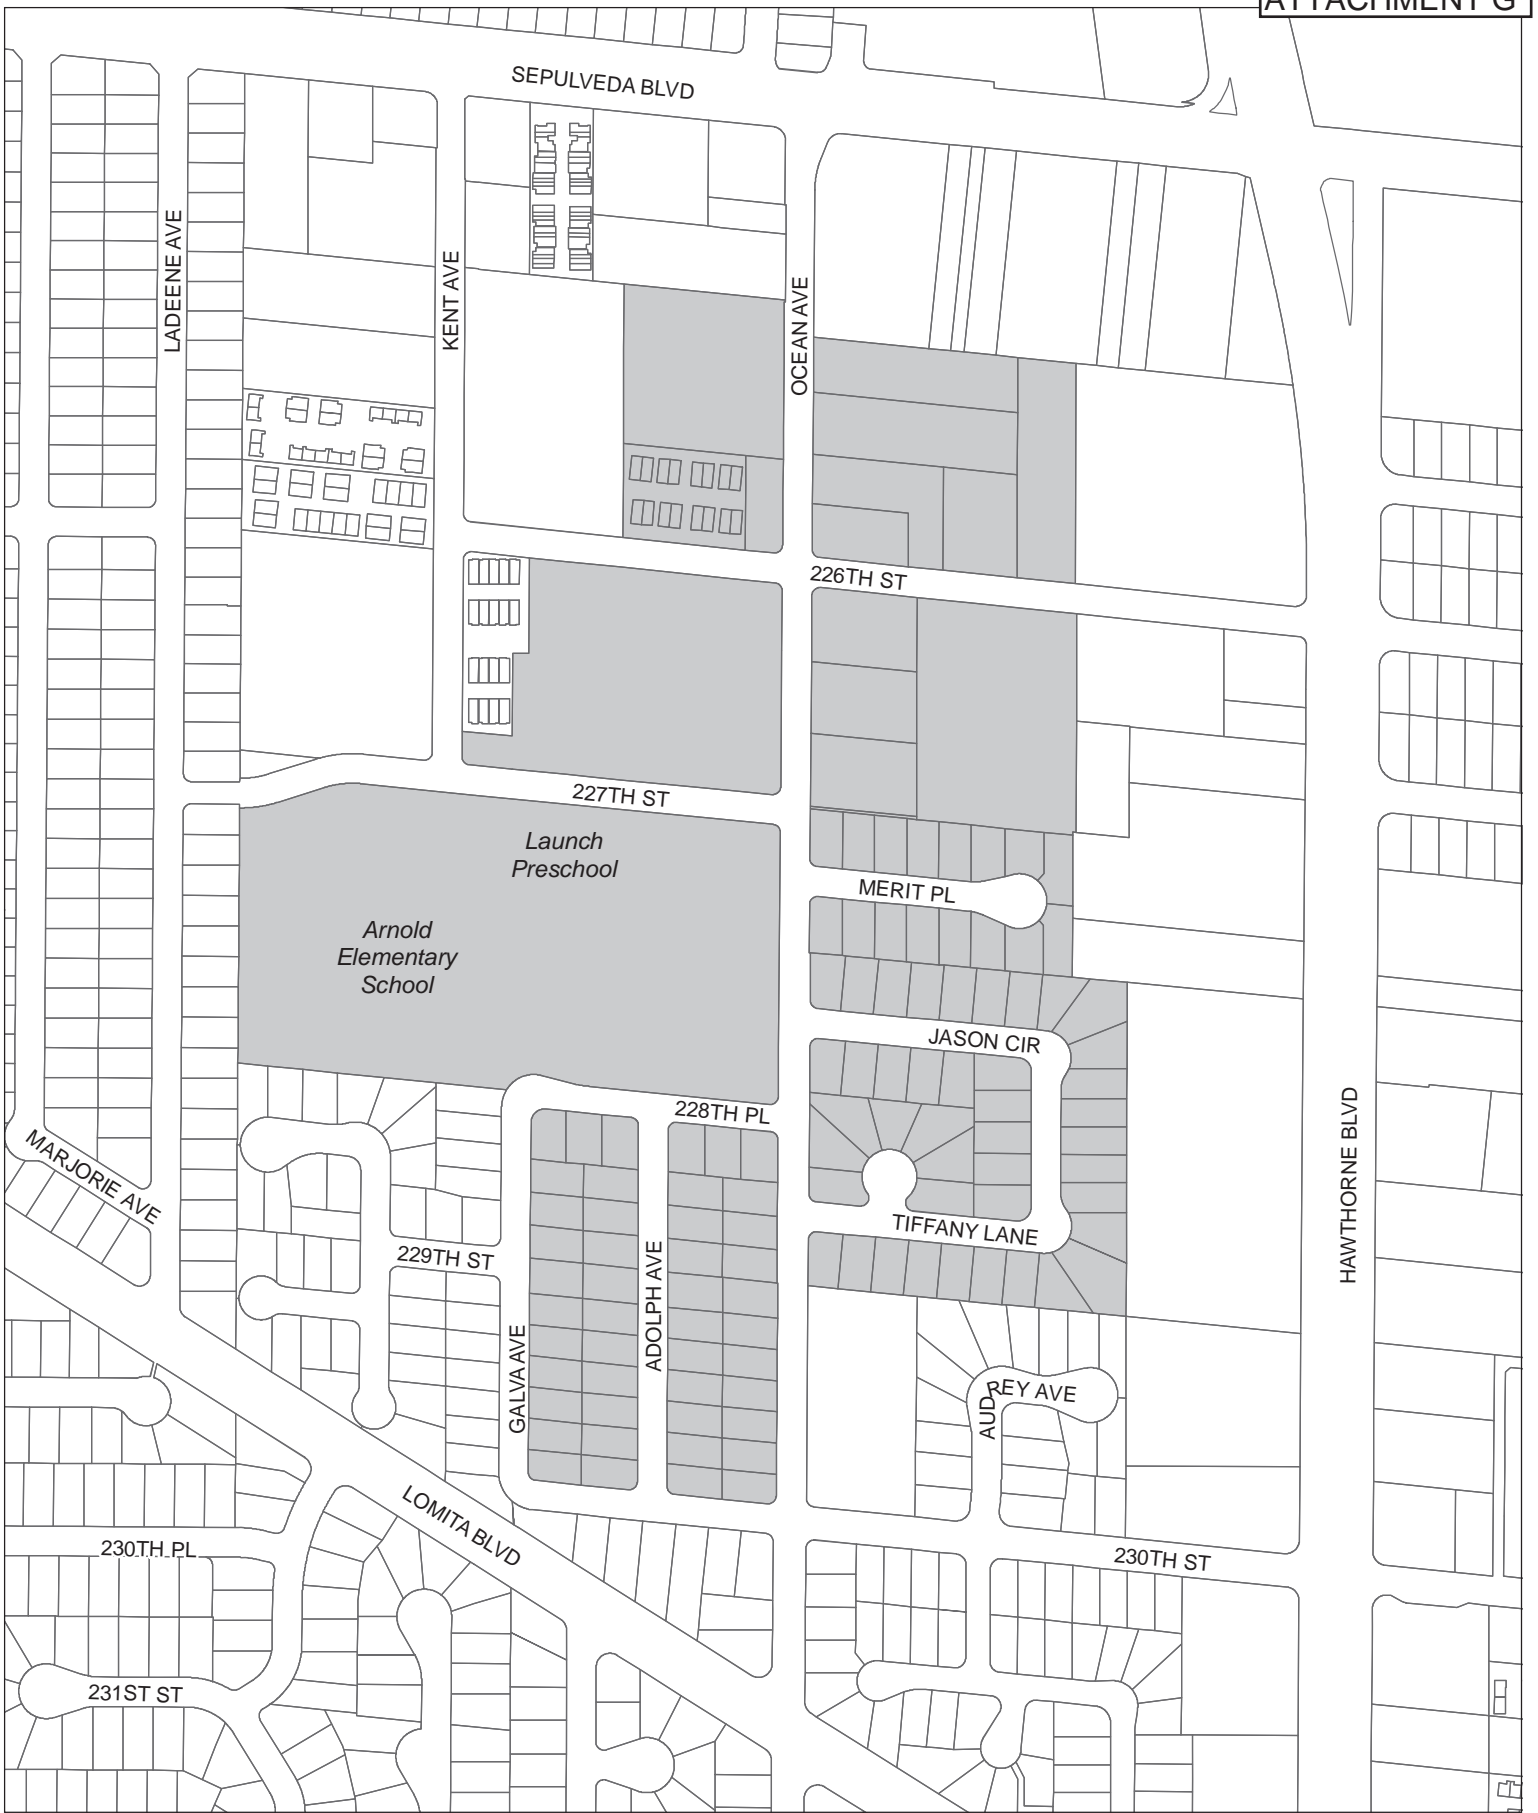

For questions, please contact:

Jessamine Que, Associate Engineer (310) 781-6900

Subject: Proposal 4-way stop sign at Ocean ave/230th St

WARNING: External e-mail

Please verify sender before opening attachments or clicking on links.

Hi To whom it may concern,

This is Chung and my address is [REDACTED].

I got a letter that Notice of Traffic Commission meeting and I'd rather propose that it needs to install 4 way stop signs at Ocean Ave and 230th St instead of Ocean ave/227th St.

On Ocean/227th St there are already 2 stop signs and it is enough. My friends and my family have had a couple of almost car accident experiences on Ocean ave/230th St.

Because it is the road to the nearby Arnold Elementary School and Hawthorne Blvd.

I've been thinking about ASKING this proposal and now finally did it.

B.Rgds
Sarah
